

The Business of Massage Therapy

Facilitator: Cindy Wyrozub

2 DAY WORKSHOP YOUR BUSINESS CLINIC BUSINESS

This workshop has been very well received in the massage therapy community for a number of years. It addresses all aspects of BUSINESS from a relevant point of view specific to this industry. Learn from someone who has run a successful, large clinic for over 20 years. Participants can expect to learn what it means to be a self-employed subcontractor. What do you do with your paycheque? What does Canada Revenue expect from you? How can you stay organized? What options are available for direct billing, how about MVAs and much more.... Take the most up to date information compiled over decades to grow your massage therapy business and improve your chances of success. If you work from home, if you do outcalls, if you own a clinic, if your business is struggling or if you just need to know the latest information in a rapidly growing industry, this is the workshop for you.

*This course is loaded with information. We try to keep it light and engaging.
